**Draft Directive and Standard (D&S), PRM 03-01, *Bureau of Reclamation Uniform Program for Service and Administrative Uniforms.***

The goal of preparing this D&S document, and providing the public with the opportunity to comment on it in draft form, is to enhance common understanding of the Bureau of Reclamation Service and Administrative Uniform Program. This will make the program more responsive and effective for our Reclamation-wide customers.

The D&S is to provide a consistent guidance document as a reference for Reclamation Service and Administrative uniform wearers.

The Reclamation Manual clarifies program responsibility and authority as well as documents Reclamation-wide methods of conducting business. All requirements in the Reclamation Manual are mandatory.

This draft addition to the Reclamation Manual is intended to (1) define the Reclamation Uniform Program; and (2) to set forth the guidance for the Reclamation-wide customer wearing a Reclamation Uniform.

Please note this draft D&S is limited to the requirements and procedures for the procurement and wearing of a Reclamation Service and Administrative uniform.

See the following pages for the draft D&S.
